Hi Jane,

I bank at USF Federal Credit Union and they have this excellent program where (for a limited time) any new member I refer will be given \$50.*

If you're like me, you're always looking for the best deal in town. When it comes to banking, joining USF FCU is the best. You'll enjoy lower account fees, better loan rates, higher return on savings and friendly service. And you may also conduct business at one of more than 5,000 shared branches throughout the country.

It pays to have friends like me!

List my name when submitting your membership application for an account at USF FCU, and 60 days after opening your account, you will be credited \$50! But don't wait, because the offer ends May 31, 2021.

How to receive your \$50:

1. Open your account online at usffcu.com/membership. Include the promotion code **FRIEND** under the "Additional Info" section on the fifth page (step five) of your application.
2. Enter my information as the referring member, as listed below:

- **John Smith**
- **jsmith@usffcu.org**

I hope you enjoy the benefits of being a member of USF Federal Credit Union as much as I do! It's a great place to bank.

John
